

## English

Children will use their senses to explore the weather, mud and the playground as they enjoy listening to a range of poetry. They will come up with new vocabulary and sound effects and use real and invented words to describe what they feel - linking it all to their own experiences. They will construct sentences to describe how things feel and sound. They will experiment with sound and rhythm to recite a poem as a group.

### Rufford Primary school and Nursery Curriculum Newsletter

Year 6 Autumn Term 1

At Rufford, we RISE

For every child, without exception, to be proud of who they are, to leave our school well-prepared for the next stage of their education and to have the knowledge and skills needed to thrive in our modern

Resilience

Integrity

Self-awareness

Excellence

## Mathematics

In maths, we are following the Power Maths scheme of work. Children will consolidate their understanding of number bonds to 10. They will read, write and interpret mathematical statements around addition, subtraction and equals language. They will learn to use concrete apparatus as well as part-whole models and number lines to work out and represent calculations.

## Science

Children will identify and name a variety of common wild and garden plants, including deciduous and evergreen trees as well as identifying and describing the basic structure of a variety of common flowering plants, including trees. We then move onto Animals Including Humans where children will identify and name a variety of common animals including fish, mammals, birds, reptiles and amphibians.

## History

In History, the children will continue to focus on the importance of community and the chronology within living memory of their community. They will map events of their week in chronological order.

## Geography

In Geography, they will continue to explore the world's continents and oceans as well as naming, locating and identifying characteristics of the four countries and capital cities of the UK and its surrounding seas.

## PE

Children will have the opportunity to explore how their bodies work and support them as they develop their gymnastics skills.

## RE

Christianity – the children will learn about the Christmas story and consider reasons why it is so important to Christians.

## Art

In art, the children will explore how to express themselves using paint and painting techniques through nature, music and collaborative work.

## PSHE

Children will learn about Parliament as well as keeping themselves safe during Anti-Bullying Week. They will explore bullying and how to deal with it as well as celebrating similarities and differences.
